

HORSESHOE IRRIGATION COMPANY

WATER MANAGEMENT AND CONSERVATION PLAN

FEBRUARY 2008

PREPARED BY:

FRANSON
CIVIL ENGINEERS

RANDY STRATE

TABLE OF CONTENTS

Section I - Description of the District.....I-1

- History 1
- Location 2
- Topography 2
- Soils 2
- Climate..... 4
- Storage Facilities..... 4
- District Diversion Points..... 4

Section II - Inventory of Water Resources II-1

- Water Supplies 1

Section III - District Water Budget III-1

Section IV - Legal.....IV-1

Section V - Existing Water Management Measures and Programs..... V-1

- Water Management Measures and Programs..... 1
- Water Measurement and Accounting Procedures 1
- Water Pricing and Billing Practices 2
- Water Education Program..... 2
- Water Conservation Coordinators..... 2
- Operation and Maintenance Program 3
- Use of Water Policies..... 3
- Water Transfer Policies..... 3

Section VI - Water Management Issues and GoalsVI-1

- Issue I-1: Deteriorated and Outdated Water Diversion Dams and Other Project Structures 1
- Issue I-2: Lack of Adequate Storage and Regulation Capacity 2
- Issue I-3: Deteriorating Conveyance Systems 3
- Issue I-4: Unique Challenges within the City System 4
- Issue I-5: Lack of Easements for Conveyance Facilities 5
- Issue I-6: Flood Irrigation – 3rd, 4th, and 5th North System..... 5
- Issue I-7: Improving Water Management 6
- Summary 7

Section VII - Candidate Measures VII-1

- Goal G-1: Bring Existing Diversion Dams and Other Project Structures to Current Standards..... 2
- Goal G-2: Increase Storage/Regulating Capacity within the System 7
- Goal G-3: Rehabilitate and Upgrade Deteriorating Conveyance Systems 10
- Goal G-4: Develop a Strategy for Addressing the Challenges within the City System..... 12
- Goal G-5: Acquire Prescriptive Easements for all Regulating Ponds’ Main Inlet and Outlet Piping Where no Easement Exists 15
- Goal G-6: Explore Feasibility of Converting the 3rd, 4th, and 5th North System to a Pressurized Sprinkler System..... 16
- Goal G-7. Establish Management Procedures for Improved Water Management and Conservation 18
- Summary 20

Section VIII - Candidate Measure Evaluation..... VIII-1
Evaluation Criteria 1
Projected Benefits 1
Impacts or Constraints 1
Cost 1
Summary 1
Candidate Measure Evaluation 2

Section IX - Implementation Plan IX-1
Monitoring and Evaluation 2

Appendices

- Appendix 1 Photographs of Company Facilities
- Appendix 2 Soil Type Listings
